

HOW DO I SCHEDULE AN APPOINTMENT ONLINE FOR AORN BLOOD DRIVE?

It only takes a few minutes to create your donor account and enjoy enhanced features such as:

- Viewing, scheduling, canceling and rescheduling appointments online
- Managing your personal information such as address, contact information and contact preferences.
- Searching and mapping a donation location near you
- Determining if your travels or medication affect your ability to donate

😊 Follow these steps online at www.bonfils.org:

1. Click on New Account Registration (lower right corner)
2. Fill out the short information form. If you do not have your Donor ID handy, it will be filled after one business day. (The password can be something easy to remember.) Click on the SAVE button.
3. Click on Find a Donation Location
4. Enter A088 for the Site Code; for End Date, choose 3/15/10 on the calendar.
5. Click on any of the drive information and then Schedule Appointment.
6. Complete the Prescreening Questionnaire. Once you have answered all of the questions (and your eligibility has been verified), you will be taken to a list of appointment times and you can choose the time you prefer.

If you have any problems or questions, please ask me. Thanks for deciding to save a life!
